## Aims and Scope

The International Journal of Energy and Environment (IJEE) is the official journal of the International Energy and Environment Foundation (IEEF). The journal is a multi-disciplinary, peer-reviewed open access journal, covering all areas of energy and environment related fields that apply to the science and engineering communities. The journal enjoys the full support of the IEEF, who provide funds to cover all costs of publication, including the Article Processing Charges for all authors. Therefore the journal is both free to read and free to publish in for everyone. IJEE aims to promote rapid communication and dialogue among researchers, scientists, and engineers working in the areas of energy and environment. The journal provides a focus for activities concerning the development, assessment and management of energy and environment related programs. The emphasis is placed on original research, both analytical and experimental, which is of permanent interest to engineers and scientists, covering all aspects of energy and environment. It is hoped that this journal will prove to be an important factor in raising the standards of discussion, analyses, and evaluations relating to energy and environment programs. All articles with significant research results in the areas of energy and environment and their application are welcome.

*The scope of the journal encompasses the following:*

### Energy

- Fuel cells and their applications.
- Hydrogen energy.
- Photovoltaic technology conversion.
- Solar thermal applications.
- Wind energy.
- Hydro energy.
- Biomass and bioenergy.
- Wave and tide energy.
- Geothermal energy.
- Fuel flexibility and alternatives.
- Micro- and nano-energy systems and technologies.
- Hybrid / integrated energy systems.
- Energy conversion, conservation and management.
- Energy efficient buildings.
- Energy generation and energy storage.
- Energy modelling and prediction.
- Energy and sustainable development.
- Energy efficiency and sustainability inherent in heritage places.
- Fluid mechanics and thermodynamics, including CFD, heat transfer and combustion.
- Smart materials and structures.
- Materials for energy.

### Environment

- Energy and environmental impact.
- Thermal, acoustic, visual, air quality building science and human impacts.
- Eco-design of energy-related products.
- Green electric and electronics.
- Solutions for mitigating environmental impacts and achieving low carbon, sustainable built environments.
- Technologies and integrated systems for high performance buildings and cities.
- Tools for the design and decision-making community, including tested computational, economic, educational and policy tools.
- Environment and sustainable development.
- Quality assurance / control.
- Emissions reduction.
- Waste management.
- Evaluation & management of environmental risk and safety.
- Advanced visualization techniques, virtual environments and prototyping.
- Water-related engineering issues.

### A note to authors

#### *Submission of articles*

Submission of an article implies that the work described has not been published previously (except in the form of an abstract or as part of a published lecture or academic thesis), that it is not under consideration for publication elsewhere, that its publication is approved by all authors and tacitly or explicitly by the responsible authorities where the work was carried out, and that, if accepted, it will not be published elsewhere in the same form, in English or in any other language, including electronically without the written consent of the copyright-holder. The submitting author is responsible for obtaining agreement of all co-authors as well as any sponsors' required consent before submitting a paper. Responsibility for the content of a paper lays on the Authors and not on the Editors or the Publisher. All authors must complete the 'Journal Publishing Agreement' before the article can be published. Authors are encouraged to observe the guidelines in the preparation of their articles for submission to IJEE. Full instructions can be found on the journal homepage (<http://www.IJEE.IEEFoundation.org>).

### Your Submitted Article

- Your article will be peer-reviewed and if accepted will be published very fast.
- Your biography will appear at the end of your article.
- Your article will be published free of charge. The Authors do not pay any kind of publication fees.
- Your article will be published around the world in full color. Free use of color where this enhances the article.
- Your article can be read by potentially millions of readers, which is incomparable to publishing in a traditional subscription journal. All interested readers can read, download, and/or print your article at no cost!
- Your article will obtain more citations.
- Moreover, all articles are indexed by the major indexing media therefore providing the maximum exposure to the articles.

# INTERNATIONAL JOURNAL OF ENERGY AND ENVIRONMENT

*Official Journal of the International Energy & Environment Foundation*

*Journal homepage: [www.IJEE.IEEFoundation.org](http://www.IJEE.IEEFoundation.org)*

## **Editor-in-Chief**

**Maher A.R. Sadiq Al-Bagdadi**

*President of the International Energy and Environment Foundation (IEEF), Najaf, P.O.Box. 39, Iraq.*

## **Associate Editors**

**Hashim R. Abdol Hamid**

*Environment Research Center, International Energy and Environment Foundation (IEEF), Najaf,  
P.O.Box. 39, Iraq.*

**Muhannad Al-Waily**

*Applied Mechanics Research Center, International Energy and Environment Foundation (IEEF), Najaf,  
P.O.Box. 39, Iraq.*

## **Editorial Advisory Board**

### **Basim Ajeel Abass**

Mechanical Engineering Department, College of Engineering, Babylon University, Babylon, Iraq .

### **Ramesh K. Agarwal**

Washington University in St. Louis, 1 Brookings Drive, St. Louis, MO 63130, USA

### **Hayder Y. Ahmad**

MIMechE, CEng, 81 Suffolk Road, Harrow, HA2 7QF, UK.

### **Kadim Karim Mohsen Ali**

Materials Engineering Department, College of Engineering, University of Thi-Qar, Thi-Qar, Iraq.

### **Zaman Abud Almalik**

Mechanical Engineering Department, Faculty of Engineering, University of Kufa, Najaf, Iraq .

### **Mohsin Abdullah A. Al-Shammari**

College of Engineering, University of Baghdad, Baghdad, Iraq.

### **Amitava Bandyopadhyay**

Department of Chemical Engineering, University of Calcutta, 92, A.P.C.Road, Kolkata 700 009, India.

### **Angelo Basile**

Institute on Membrane Technology of the Italian National Research Council, ITM-CNR, c/o University of Calabria, via P. Bucci, cubo 17/C, 87030 Rende (CS), Italy.

### **Wojciech Budzianowski**

Wroclaw University of Technology, ul. Wybrzeze Wyspianskiego 27, 50-370 Wroclaw, Poland.

### **Jumaa Salman Chiad**

Prosthetic and Orthotic Engineering Department, College of Engineering, Al-Nahrain University, Baghdad, Iraq.

### **Ahmet Erklig**

University of Gaziantep, Faculty of Engineering, Mechanical Engineering Department, 27310 Gaziantep, Turkey.

### **Evangelos G. Giakoumis**

School of Mechanical Engineering, National Technical University of Athens, 9 Heroon Polytechniou St., Zografou Campus, 15780, Athens, Greece.

### **Eloy Velasco Gomez**

ETS Ingenieros Industriales, Universidad de Valladolid, Paseo del Cauce, no 59, 47011 Valladolid, Spain.

### **Abdul Kareem F. Hassan**

College of Engineering, University of Basrah, Basrah, Iraq.

### **Ahmed M. Hasson**

Mechanical Engineering Department, College of Engineering, Al-Nahrain University, Baghdad, Iraq.

### **Ihsan Y. Hussain**

College of Engineering, University of Baghdad, Baghdad, Iraq.

### **Mahmud Rasheed Ismail**

Prosthetic and Orthotic Engineering Department, College of Engineering, Al-Nahrain University, Baghdad, Iraq.

### **Muhsin Jweeg**

Telafer University, College of Engineering, Iraq.

### **Arunachala Nadar Kannan**

Department of Engineering Technology, TECH 156, Arizona State University, 7001 E Williams Field Rd, Mesa, AZ 85212, U.S.A.

### **T. Lu**

School of Mechanical and Electrical Engineering, Beisanhuan East Road, Chaoyang District, Beijing 100029, P.R.China.

**A. Mani**

Refrigeration and Air-conditioning Laboratory,  
Department of Mechanical Engineering, Indian Institute  
of Technology Madras, Chennai 36, Pincode 600 036,  
India.

**Ameen Ahmed Nassar**

College of Engineering, University of Basrah, Basrah,  
Iraq.

**Meng Ni**

Department of Building and Real Estate, The Hong Kong  
Polytechnic University, Hung Hom, Kowloon, Hong  
Kong.

**Jawad Kadhim Olewi**

Materials Engineering Department, University of  
Technology, Baghdad, Iraq.

**S-J Park**

Department of Chemistry, Inha University, 253  
Yonghyun-dong, Nam-gu 402-751, Korea (south).

**Andreas Poullikkas**

**Gwomei Wu**

Chang Gung University, 259 Wen Hua 1st Road, Kweisan, Taoyuan 333, Taiwan.

## Contents

### ENERGY AND ENVIRONMENT

- Natural convection in an air filled cavity with various heat source locations.** 429-448  
*Ahmed kadhim Hussein, Falah Hassan Naiem*
- Uranium<sup>235, 238, 234</sup> soil contamination in Al Tuwaitha nuclear site, using Geomatics techniques.** 449-454  
*Hisham M. Jawad Al Sharaa, Abdul Razzak T. Ziboon, Abdul Hameed M. Jawad Al Obaidy*
- Performance evaluation of a naturally ventilated photovoltaic-thermal (PV/T) solar collector: A case study.** 455-472  
*Amin Shahsavari, Pouyan Talebizadeh Sardari, Sirous Yasseri, Rohollah Babaei Mahani*
- Evaluation of crest length effect on piano key weir discharge coefficient.** 473-480  
*Mohammed Baqer N. Al-Baghdadi, Saleh I. Khassaf*
- Adsorption characteristics of Hydrofluoroolefin on molecular sieves of CMS 5A and Linde 13X as a refrigerant-adsorbent pairs for heat pump applications.** 481-498  
*M. A. M. HASSAN*

### APPLIED MECHANICS

- A suggested analytical investigation of heat generation inducing into vibration beam subjected to harmonic loading.** 499-514  
*Diyaa H.J. Al-Zubaidi, Muhannad Al-Waily, Emad Q. Hussein, Maher A.R. Sadiq Al-Baghdadi*

### TECHNICAL PAPERS

- 3D scanning, 3D virtual reality, and 3D printing for Najaf Holy City's cultural heritage and identity.** 515-528  
*Maher A.R. Sadiq Al-Baghdadi.*

### ANNOUNCEMENTS - IEEF RELEASE

- BOOK: CFD Applications in Energy and Environment Sectors: Volume 1.**  
*Editors: Maher A.R. Sadiq Al-Baghdadi and Hashim R. Abdol Hamid (ISBN 13: 978-1-46623-065-1)*
- BOOK: Engineering Applications of Computational Fluid Dynamics: Volume 1.**  
*Editor: Maher A.R. Sadiq Al-Baghdadi (ISBN 13: 978-1-46623-106-1)*
- BOOK: CFD Modeling in Development of Renewable Energy Applications.**  
*Editor: Maher A.R. Sadiq Al-Baghdadi (ISBN 13: 978-1-46623-131-3)*
- BOOK: Engineering Applications of Computational Fluid Dynamics: Volume 2.**
